

# Mohammed Safwan

Full Stack Developer | Software Developer

Mumbai, Maharashtra | +91 7798224765 | safwanshaikh053@gmail.com linkedin.com/in/safwan-shaikh-715007250 | github.com/safwanshaikh053

## PROFESSIONAL SUMMARY

Full Stack Developer with 3+ years of experience building scalable, responsive web applications using React.js, JavaScript, Java, Spring Boot, and MySQL. Proven track record delivering enterprise-level ERP systems and RESTful APIs across the complete SDLC. Skilled in Agile methodologies, performance optimization, and cross-functional collaboration. PG-DAC certified from CDAC.

## TECHNICAL SKILLS

Languages & Core: Java, JavaScript (ES6+), HTML5, CSS3, OOP

Frontend: React.js, React Hooks, Redux (Basic), Bootstrap, Responsive Web Design

Backend: Spring Boot, Spring Security, JWT, Hibernate, REST API Development

Database & Tools: MySQL, Axios, Git & GitHub, Maven, Docker

Practices: SDLC, Agile Methodology, Full Stack Development, Debugging, Performance Optimization, System Integration

## PROFESSIONAL EXPERIENCE

### Junior Developer — Wonder Travels

Jul 2022 – Aug 2025

Chh. Sambhajinagar (Aurangabad), Maharashtra

- Built and maintained responsive, scalable web applications end-to-end using React.js, JavaScript, HTML5, CSS3, Bootstrap, and Java Spring Boot — integrating RESTful APIs (Axios) with MySQL databases via React Hooks and Redux for reliable state management.
- Drove the complete Agile SDLC — requirement gathering, code reviews, testing, debugging, deployment, and performance optimization — collaborating with backend teams to ship reliable, production-ready features and resolve production issues.

## PROJECTS

### OrderHub – Canteen Management System

Spring Boot, MySQL, Bootstrap, Docker

- Built a full-stack web app to automate college canteen operations, including digital ordering, menu management, and order tracking.
- Integrated RESTful APIs for frontend-backend communication; containerized and deployed via Docker on Render with an Aiven MySQL backend.

### Nexnid-ERP | Enterprise Resource Planning System

React.js, Spring Boot, MySQL, JWT

- Built a full-stack ERP application for managing leads, projects, employees, and business workflows.
- Implemented role-based authentication and access control (JWT, Spring Security) for multiple organizational roles.

GitHub: <https://github.com/safwanshaikh053/Nexnid-ERP-Interior-Designing-Company>

### Nova – Banking Dashboard

Next.js 14, TypeScript, Prisma/PostgreSQL, NextAuth

- Built a full-stack banking dashboard with secure authentication (NextAuth), transaction data modeling (Prisma/PostgreSQL), and interactive analytics (Recharts).
- Implemented smooth, modern UI interactions using Framer Motion animations across the dashboard.

## EDUCATION

### CDAC (AIT YCC) – PG Diploma in Advanced Computing

Aug 2025 – Feb 2026

### Dr. Babasaheb Ambedkar Marathwada University – B.E., Computer Science

Mar 2020 – Sep 2025

## CERTIFICATIONS

PG-DAC (Post Graduate Diploma in Advanced Computing) – CDAC, Feb 2026
